Bootstrap 5 Progress Bars

[< Previous](#)[Next >](#)

Basic Progress Bar

A progress bar can be used to show how far a user is in a process.

To create a default progress bar, add a `.progress` class to a container element and add the `.progress-bar` class to its child element. Use the CSS `width` property to set the width of the progress bar:

Example

```
<div class="progress">
  <div class="progress-bar" style="width:70%"></div>
</div>
```

[Try it Yourself »](#)

Progress Bar Height

The height of the progress bar is `1rem` (usually `16px`) by default. Use the CSS `height` property to change it:

Example

```
<div class="progress" style="height:20px">
  <div class="progress-bar" style="width:40%;"></div>
</div>
```

[Try it Yourself »](#)

Progress Bar Labels

Add text inside the progress bar to show the visible percentage:

Example

```
<div class="progress">
  <div class="progress-bar" style="width:70%">70%</div>
</div>
```

[Try it Yourself »](#)

Colored Progress Bars

By default, the progress bar is blue (primary). Use any of the contextual background classes to change its color:

Example

```
<!-- Blue -->
<div class="progress">
  <div class="progress-bar" style="width:10%"></div>
</div>

<!-- Green -->
<div class="progress">
  <div class="progress-bar bg-success" style="width:20%"></div>
</div>

<!-- Turquoise -->
<div class="progress">
  <div class="progress-bar bg-info" style="width:30%"></div>
</div>

<!-- Orange -->
<div class="progress">
  <div class="progress-bar bg-warning" style="width:40%"></div>
</div>

<!-- Red -->
<div class="progress">
  <div class="progress-bar bg-danger" style="width:50%"></div>
</div>

<!-- White -->
<div class="progress border">
  <div class="progress-bar bg-white" style="width:60%"></div>
</div>

<!-- Grey -->
<div class="progress">
  <div class="progress-bar bg-secondary" style="width:70%"></div>
</div>

<!-- Light Grey -->
<div class="progress border">
  <div class="progress-bar bg-light" style="width:80%"></div>
</div>

<!-- Dark Grey -->
<div class="progress">
  <div class="progress-bar bg-dark" style="width:90%"></div>
</div>
```

[Try it Yourself »](#)

Striped Progress Bars

Use the `.progress-bar-striped` class to add stripes to the progress bars:

Example

```
<div class="progress">
  <div class="progress-bar progress-bar-striped" style="width:40%"></div>
</div>
```

[Try it Yourself »](#)

Animated Progress Bar

Add the `.progress-bar-animated` class to animate the progress bar:

Example

```
<div class="progress-bar progress-bar-striped progress-bar-animated" style="width:40%"></div>
```

Progress bars can also be stacked:

Example

```
<div class="progress">
  <div class="progress-bar bg-success" style="width:40%">
    Free Space
  </div>
  <div class="progress-bar bg-warning" style="width:10%">
    Warning
  </div>
  <div class="progress-bar bg-danger" style="width:20%">
    Danger
  </div>
</div>
```
